## BRYAN'S NOMINATION WILL NOT BE MADE UNTIL THURSDAY AFTERNOON

**Selection of the Vice-Presidential Candidate will not be Made Until Friday—The Question of This Nomination is no Nearer Solution Than It was Early in the Week.**

**Judge Gray's Manager Again Declines the Use of Gray's Name in Connection with the Place and Towne of New York and James of Kentucky are Still the Most Prominently Mentioned—Bryan May go to the Convention After His Nomination and Urge the Abandonment of the Two-thirds Rule—Committee Settles Contests.**

Denver, July 8.—The present plans of the Bryan leaders in the Democratic national convention is to adopt the platform and nominate for president on Thursday, then finish up the convention with the vice presidential nomination on Friday.

The sub-committee on resolutions does not expect to report to the full committee until late this afternoon, when the final draft of the platform will be prepared for presentation to convention at 10 a. m. Thursday. This sub-committee, headed by Governor Haskell, of Oklahoma, and its mem-

bership dictated by Bryan worked until 2 a. m. this morning and then resumed work, after a few hours sleep. The make-up of the sub-committee, as well as the character of the general committee, is such that there is absolutely no question but that a progressive platform, in line with Bryan's ideas, will be the result.

The credentials committee, after a stormy all night session, which left the work incomplete, expects to be able to report to the convention soon after noon (Denver time) today. The big fight before committee is over

## REVOLUTIONISTS IN HONDURAS MAY WIN

**Town of Gracias Has Fallen into Their Hands and Cholotea is Threatened—Plan is Said to be to Join Several of the South American States and Make an Attack upon Nicaragua.**

Managua, Nicaragua, July 8.—Advices received here state that the revolutionary forces in Honduras have captured the town of Gracias and have control of the department of the same name, which lies in the southwest portion of that republic. It is also stated that the insurgents are threatening Cholotea, about seventy miles from Tegucigalpa and Amapala, a free port of Honduras on the Pacific coast.

It is believed the movement is largely the work of bandits, somewhat similar to that which happened recently in Mexico, which unless it assumes more formidable proportions, will soon be put down. The Hondurans are somewhat concerned about the safety of Amapala, their only port on the Pacific coast.

Panama, July 8.—A prominent Central American, who is here, said today that he believed the revolution against President Divita of Honduras will be successful. The plan of the revolutionists is to have in Honduras an allied government in which Guatemala and Salvador will take part. After this is established the present plan provides for an attack upon President Zelaya of Nicaragua, who is considered to be the enemy of President Cabrera.

## LONG HEARING GIVEN ANTI-INJUNCTION PLANK

**Sub-Committee of the Committee on Resolutions Wrestles with the Troublesome Question—Advocates of Other Planks are Before the Committee—Platform not Yet Complete.**

Denver, July 8.—The proposed labor planks in the Democratic national platform received the most attention at the hands of the committee on resolutions last night and after a protracted hearing on this and other subjects by the full committee, the real work of drafting the platform was placed in the hands of the subcommittee.

The convention will be asked today to meet at 10 o'clock on Thursday and it is the plan to have the report ready for presentation at that time with the idea of having it disposed of by 12 o'clock noon.

Immediately after being called to order the committee proceeded to carry out the wishes of Mr. Bryan by electing Governor Charles N. Haskell of Oklahoma as permanent chairman. The committee then decided to entrust the details of the preparation of the platform to a subcommittee, but before these appointments were announced the full committee listened to arguments in support of various planks which will be offered for adoption.

The first of the hearings was on the subject of the improvement of the inland waterways. Governor Broward of Florida took the position that a liberal pronouncement in favor of the improvement of the water courses of the interior would prove the means of obtaining many votes in such states as New York, Illinois and Ohio and therefore urged the proposition as a matter of practical politics. Mr. Clarke asked for the approval of a plan for the improvement of the waterways which contemplates the issue of \$500,000,000 in bonds for that purpose.

Richmond Pearson Hobson, congressman from Alabama, presented a plan for the increase of the navy, and in doing so declared that this country is in imminent danger of war with Japan. He predicted that this war would take place during the next presidential administration and, believing that the Democratic party will then be in power, he said that if it did not

Rev. C. F. Reimer, a Methodist, offered prayer.

Senator Grady, of New York, chairman of the committee on rules and order of business reported, and the report was adopted.

Delegate Martin, of Arkansas, offered a resolution in memory of the late James K. Jones, of Arkansas, former national Democratic chairman, and it was adopted by a rising vote.

Chairman Bell explained that the other committees were not ready to report and that only minor business could be transacted for the time.

Ollie James was recognized and announced that the committee on credentials could not report until 8 p. m. He moved that the convention recess until that hour. Wild cries of "No, No" went up from the spectators in the galleries and the chairman, after calling for two votes, declared the motion lost.

The crowd yelled for Governor Taylor of Tennessee, but he started for the door. Then Senator Gore, of Oklahoma, addressed the convention. Gore named Bryan as the greatest living apostle of human liberty and set the convention in an uproar. A banner with Bryan's picture was carried around the hall while the delegates cheered like mad.

In the midst of the Bryan demonstration a parade of state standards started and all banners of the states except those of Connecticut, New York, Delaware, Missouri and Minnesota are grouped on the speakers platform. The demonstration continues.

Denver, Col., July 8.—The platform committee this afternoon referred the anti-injunction plank to a sub-committee consisting of Geo. Fred Williams, of Massachusetts, Jeremiah Sullivan of Iowa and Judge Parker of New York. This indicates a plank satisfactory to labor.

Other men talked of for vice-presidency are Charles A. Towne, of New York and temporary chairman Bell, of California, but the chances are that unless Bryan is heard from in a positive manner after his nomination, the delegates will be allowed to fight out the second place in their own way. Bryan favored Gray, but with him out, no one knows who the commoner really wants.

The credentials committee decided the contests as follows:

The Murphy delegation is seated unanimously in New York.

In the Pennsylvania contest, the anti-Guffeyites won.

In Idaho Senator Dubois' delegation is seated.

In the nineteenth Ohio district Tom L. Johnson's delegates won by two votes, twenty-four to twenty-two, and in the ninth Ohio district, the anti-Johnson delegation is seated.

Convention Hall, Denver, July 8.—The Democratic national convention was called to order at 12:25 today.

## HOSPITAL ATTENDANTS WHOLLY EXHONORATED

Columbus, O., July 8.—The management and attendants at the Massillon State hospital for the insane are exonerated of charges of brutality to patients in the report of the committee of the State Board of charities, filed today with Governor Harris.

## INDIANS AND NEGROES

**Become Threatening and Oklahoma Militia May be Called Out.**

Oklahoma City, Ok., July 8.—Acting under orders from acting governor Bellamy, Oklahoma's whole militia force is prepared today to march at a moment's notice on Hickory camp grounds, near Muskogee, where several hundred Indians and negroes are encamped. The braves are openly defying the county officers, who have tried to make them lay down their arms and are becoming threatening.

## IS FULL OF FIGHT

**Guffey Promises to Make Things Lively on the Convention Floor.**

Denver, Col., July 8.—The Bryan "Pile Driver" descended today with a thud that echoed back from the banks of the Schuylkill and the delegates to the national convention found beneath it the guns of James M. Guffey, the long time boss of the Keystone state.

Badly mashed Guffey is, but he is still breathing defiance and promises a battle on the floor of the convention hall that will eclipse any other seen in a Democratic convention in years.

## RELIEF COMES

**A Breeze and Falling Temperature Recorded in New York City.**

New York, July 8.—Fully seventy-five dead more than 200 prostrated is the record and misery, such as the east side has never endured is the record of three days torrid weather, which a fresh breeze and lower temperature ended today.

## HITCHCOCK IS MADE REPUBLICAN CHAIRMAN

**Sub-Committee of the National Republican Committee Meets at Hot Springs Today—Dover will Accept Secretaryship but the Man for Treasurer of the Committee Has not Been Selected.**

(Bulletin.)

Hot Springs, Virginia, July 8.—Frank Hitchcock was unanimously chosen to be chairman of the national Republican committee, and George R. Sheldon, of New York, was elected treasurer.

Hot Springs, Virginia, July 8.—With the selection of Hitchcock for national chairman practically determined, on candidate Taft went into session with the committee of the Republican party managers at noon.

For the treasurership Taft still favors Representative McKinley, of Illinois, but a proposition from Cornelius Bliss served to backload the situation.

This was that some eastern dark horse favored by the New York financiers be chosen treasurer with headquarters in the metropolis, while McKinley should be assistant treasurer with headquarters at Chicago.

Elmer Dwyer, of Ohio, has consented to accept appointment as secretary.

Taft talked over long distanced with Voray at Columbus and tried to get into communication with Hitchcock, who has so far failed to arrive. Taft wants to consult him regarding the secretaryship.

A telegram was received from Congressman Sherman, the vice-presidential candidate, that he desired to be relieved of the chairmanship of the congressional campaign committee.

## BRYAN HAS NO NOTION OF GOING TO DENVER

**He Remains on His Farm at Fairview and Allows Nothing to Interfere with His Alfalfa Harvest—Over His Private Wire He Keeps in Close Touch with what is Going on in Denver.**

Lincoln, Neb., July 8.—Fairview, that, with his confidential stenographer, he went over his mail, stopping only to reply to telegrams. He watched convention bulletins closely and those reporting occasions which brought forth applause were read with satisfaction and contented smiles.

The news did not prevent him, however, from taking a deep interest in the harvesting of his alfalfa crop and he viewed with deep concern the prospects of its garnering before another rain should come. Patrick Ryan, who devotes his time to making the farm productive, began mowing the alfalfa this morning.

A large, sweet, juicy "Guadalupe Triumphant" watermelon is on its way from Seguin, Tex., to Fairview. Notice of its shipments came in a letter from Dr. J. H. Vaughan of that place, who mentions eight other admirers of Mr. Bryan who have taken a hand in the development and shipment of the melon. Dr. Vaughan in his letter says:

"It is our hope that its flavor may be the sweetest of victory, that its size may be illustrative of the Democratic vote in November and that each seed may represent a Bryan vote in the electoral college."

The writer also adds that this melon "was raised, especially for you by Y. A. Maddox," who is a voluminous correspondence and much of his time was devoted to

## ANTIS PIN HOPES TO PENNSYLVANIA BOSS

**Enemies of Bryan Expect Colonel Guffey to Lead the Fight Against the Commoner—Vice-Presidential Situation is Still in the Air with Almost a Hundred Men in the Field.**

Denver, July 8.—The possibility of a revolt by delegates not in sympathy with the Bryan control of the Democratic national convention, against the parliamentary tactics employed by the officers of the convention yesterday in sending the Pennsylvania controversy to the committee on credentials, is the one hope left to the allied opposition to Mr. Bryan's nomination. This opposition is proceeding on the belief that the committee on credentials will report against the contesting delegates from Philadelphia and in favor of Colonel James M. Guffey, national committee-

man, in which event a minority report will be made.

The first test of anti-Bryan strength therefore, will occur over the adoption of the report of the committee on credentials and it promises to be the bitterest of the convention. Should it be decided against the Bryan men, some of whom have announced a purpose to "railroad" the Pennsylvania leader out of the party, in accordance with the expressed wish of the Nebraska candidate, unquestionably it will encourage the opposition to Mr.
